Web: www.drumsforschools.co.uk

Price: Educational £116.90

RRP £167.00

Age range: 3 years +

Description: The Dream Drum is a simple pitched percussion instrument with a soothing, meditative sound that is easy and satisfying to play. It is suitable for both supervised and unsupervised play and can be used indoors and outside. It can be played solo or in small groups; you can sing along, add melodic instruments and use as a sound background for storytelling.

Score: 86.6%

What the testers said: "This was a very appealing resource; both the staff and children were very excited to receive it. The children enjoyed listening to the different sounds and then producing them together as a group. The drum encouraged talking, communication and teamwork and was still appealing at the end of the trial."
